

Viper Consulting

AI integration, automation, and services you can trust by pros who check every detail

Capability
Statement

Company Overview

Viper Consulting, the d/b/a of Epstein Investment Group LLC, is a minority-owned small business that helps businesses and government agencies adopt AI automation safely and seamlessly operate and maintain their places of business. We set up and provide an AI-powered and integrated CRM subscription service and digital marketing, and we also provide a range of home services with superior quality.

Core Competencies

- **AI-powered CRM (SaaS):** setup, integration and managed subscription, including lead capture, automated follow-up, booking and review requests.
- **AI integration and automation:** connecting AI assistants, workflows and models to existing business systems.
- **AI safety, governance, training and evaluation:** AI use-case inventories, risk assessments and policies aligned with the NIST AI Risk Management Framework; expert rubric grading and red-teaming.
- **Digital marketing:** search, social and paid campaigns; AI-produced video and imagery; graphic design.
- **Home services and renovation:** remodeling, roofing, plumbing, electrical, HVAC, carpentry and whole-house water filtration installation, performed with licensed service providers.
- **Property and facilities maintenance:** janitorial, landscaping and building upkeep services.
- **Translation and interpretation (remote):** English, French, Spanish and Amharic (fluent); German and Arabic (proficient).
- **Technical consulting:** electrical engineering and patent and prior-art analysis.

Differentiators

- **Rigorous technical review:** 20+ years judging complex technical work against strict standards, including service as an electrical engineer in industry, as a U.S. Patent and Trademark Office (USPTO) Patent Examiner, and as a Senior Patent Engineer with multiple law firms.
- **Build and property expertise:** 10+ years of real estate development and home services as a general contractor, working with architects and licensed professionals.
- **One accountable team:** three AI engineers, a graphic designer, a UN-experienced language expert and HR Business Partner, and licensed trade partners, managed through a single point of contact.

Key Personnel

Harun Yimam, Founder and Principal. AI engineer and implementation expert and real estate development professional. Former USPTO Patent Examiner (2004–2007) and senior patent engineer (2007–2026) who prosecuted 3,000+ patent applications in wireless communications, AI/ML and video. B.S., Electrical Engineering, Virginia Tech; IEEE member. AI governance certifications in progress (University of Pennsylvania, University of Oxford, AIGP).
